- Usage statistics
- Promotional materials

Our clients and operations staff love having a handy reference for Incoterms . . . The experience with World Trade Press has been wonderful . . . The product quality is exactly what you expect.

Kathy Miller
Executive Assistant
EmoTrans

[AtoZ World Business] is a wonderful online resource—blending items involving the practice of international trade, as well as visual aids, which our students appreciate. This is a very useful tool that supplements my courses on international logistics and transportation at the graduate and undergraduate levels. In summary, a great place to check the facts in our field.

Darren Prokop, PhD
Professor of Logistics
University of Alaska Anchorage
Alaska, USA

Global Business Success

AtoZ World Business is the world's most comprehensive country-by-country resource for success in international business and trade. **AtoZ World Business** consists of 100 Country Business Guides of 108 topics each and 76 World Trade Resources. It offers entrepreneurs, business professionals, and researchers access to vetted international business and trade intelligence, compiled into a single, reliable source.

BENEFITS

- ◆ **Entrepreneurs** will secure detailed country data on business and trade environments, current economic climate, statistical rankings, and taxation, to determine viability of investment.
- ◆ **Negotiators** can access extensive business-culture content, including country-specific guides to negotiating, to promote effective business transactions.
- ◆ **Importers and exporters** can secure detailed trade-compliance information to ensure smooth entry and exit.
- ◆ **Manufacturers, franchisors, and multinational corporations** will find data licensed from top-tier international organizations—Ernst & Young, The World Bank, World Trade Organization, and others—for expert opinion on the most critical international arenas.
- ◆ **Business and academic researchers** can locate relevant data swiftly and easily in one site.

World Trade Press is a publishing and information products company specializing in large-scale digital media products. We are best known for our extensive coverage of cultural and business topics for countries of the world. Our markets include academic and public libraries, global businesses, government agencies, trade promotion agencies, and logistics firms.
