- Tutte recensioni a 5 stelle!

Tabitha Ochtera Mar 6, 2023 ★★★★★

As another reviewer said, it's important to remember that this is tied to your library (like a College or University library). It does work great with pubmed and google scholar but I appreciate that it also works on publishers websites - many of our patrons go to the journal's website first and this will direct them back to full text / the library. This extension (and ThirdIron products) have been upgraded over the years to include features like Retraction Watch and, recently, the ability to view e-books.

The screenshot shows the homepage of The New York Times website. The browser address bar displays "nytimes.com". The page features the newspaper's masthead, navigation links for various sections (News, World, Business, Arts, Lifestyle, Opinion, Cooking, Games, Wirecutter, The Athletic), and a date stamp for Friday, July 7, 2023. The main article headline is "Yellen, in Beijing, Criticizes China's Treatment of U.S. Companies", with a sub-headline stating "Treasury Secretary Janet Yellen's concerns reflected continuing tensions between the two countries." and a "5 MIN READ" indicator. Below this, there are two more article teasers: "Washington Raises Pressure on China to Combat U.S.'s Fentanyl Crisis" and "Here's what the contentious U.S.-China relationship looks like, by the numbers." The right sidebar contains a large image of a crowd at night with the headline "Welcome to the Cage Match Age" and a sub-headline "Powerful men are bulking up, peacocking and talking trash. Is actual combat the next step?" followed by a "4 MIN READ" indicator. Below this, there are two smaller article teasers: "Hairstylists share tips on what men should know before coloring their hair." and "On the coldest continent on earth, I kissed a fellow janitor amid the". At the bottom of the page, there is a banner for "THE HEADLINES AUDIO" with a play button icon and the text "We have access to the NY Times from another site." and "Third Iron University". A green button labeled "Access the NY Times" is also present.

The screenshot shows a web browser displaying a JSTOR article page. The URL in the address bar is [jstor.org/stable/23025617?searchText=shakespeare&searchUri=%2Faction%2FdoBasicSearch%3...](https://www.jstor.org/stable/23025617?searchText=shakespeare&searchUri=%2Faction%2FdoBasicSearch%3...). The JSTOR logo is in the top left. Navigation tabs include 'All Content', 'Images', 'Workspace', 'Search', and 'Browse'. A search bar contains the word 'shakespeare'. A 'Tools' dropdown menu is visible. A black banner across the top of the article content reads: 'This is a preview. [Log in through your library.](#)'. Below this, the article title 'Shakespeare's Vocabulary: Myth and Reality¹' and author 'HUGH CRAIG' are displayed. The article text begins with 'SOMETIME IN THE SECOND DECADE OF THE NINETEENTH CENTURY, SAMUEL Taylor Coleridge noted in his copy of Shakespeare's *Dramatic Works* that the playwright "can be complimented only by comparison with himself: all other eulogies are either heterogeneous, (ex. gr. in relation to Milton, Spencer, &c) or flat truisms (ex. gr. to prefer him to Racine, Corneille, or even his own immediate Successors, Fletcher, Massinger &c.)."² For Coleridge, to compare Shakespeare to anyone else made little sense. Shakespeare scholarship has continued in full spate since Coleridge's time, and a great deal has changed, but studies which put Shakespeare in the context of his peers as a regular member of a collective playwriting enterprise that together created English Renaissance drama are still the exception rather than the rule. It has been more common to regard him, as Coleridge does, as *sui generis*. Gary Taylor remarked in 1989 that Shakespeare's fame had made it hard to see his works and the works of others clearly. In gravi-

On the right side of the page, the article is identified as a 'JOURNAL ARTICLE' with the title 'Shakespeare's Vocabulary: Myth and Reality' by 'Hugh Craig'. It is from 'Shakespeare Quarterly', 'Vol. 62, No. 1 (Spring 2011)', pp. 53-74 (22 pages), published by 'Oxford University Press'. A small thumbnail image of the journal cover is shown. The URL <https://www.jstor.org/stable/23025617> is provided. At the bottom, a blue banner prompts the user to 'Login to JSTOR to access subscribed content.' with a 'Login Now' button. A 'Cite' button is also visible.

Esempi di utilizzo

- Un avviso di autorizzazione è mostrato quando l'utente NON ha effettuato l'accesso anche quando il pulsante LibKey non viene mostrato.

Esempi di utilizzo

- Un link personalizzato suggerisce la partecipazione ad un sondaggio in merito ad una risorsa sotto revisione da parte della biblioteca.

The screenshot displays the HeinOnline website interface. At the top, the URL is heinonline.org/HOL/LuceneSearch?terms=criminal+law&collection=all&searchtype=advanced.... The navigation bar includes links for 'All Databases', 'MyHein Profile', 'What's New', 'Help', 'Connect', and 'Account'. The main search bar contains the text 'criminal law'. Below the search bar, there are filters for 'Databases', 'Collection/Library', 'PathFinder Subjects', 'Section Type', 'Location', 'Title', 'Organization', 'Person', and 'Availability'. A search result is displayed for 'Criminal Law and Criminal Procedure Law [article]'. The result includes the following text: 'Section I: Jurisprudence: Section E', 'Romanian Case Law Review, Vol. 2019, Issue 1 (2019), pp. 247-333', '2019 Rom. Case L. Rev. 247 (2019)', and 'PathFinder Subjects: Criminal Law and Procedure; Creditors; Credit; Liquidation; Finance (General); Criminal Procedure'. A 'Turn to page' link is provided. At the bottom, a banner states: 'HeinOnline is under trial until October 15, 2023. Tell us what you think! Take Survey'. The banner also mentions 'Third Iron University' and 'reasons, it is possible that this should not occur, independently of'.

Esempi di utilizzo

- Un messaggio personalizzato compare nell'interfaccia di Nomad per avvertire l'utente di un disservizio. Quando questo accade il messaggio compare in sovraimpressione così da non sembrare parte del sito.

The screenshot displays the Taylor & Francis Online website interface. At the top, there is a banner for the National Hemophilia Foundation with the text "A world without bleeding disorders begins with research". Below this, the Taylor & Francis Online logo and navigation links (Home, All Journals, Expert Review of Hematology, List of Issues, Volume 8, Issue 6, Total ankle replacement or ankle fusion) are visible. The main content area shows the "Expert Review of Hematology" journal, Volume 8, 2015 - Issue 6. The article title is "Total ankle replacement or ankle fusion in painful advanced hemophilic arthropathy of the ankle" by E Carlos Rodriguez-Merchan. The article has 207 Views, 13 CrossRef citations to date, and 1 Altmetric. A personalized message overlay, "Download PDF Missouri S&T", is displayed over the article title. At the bottom, a dark blue banner states: "Pardon our dust... We are temporarily experiencing problems with this publisher so access links may not work properly." The National Hemophilia Foundation logo is also present in the bottom right corner.

Esempi di utilizzo

- Un altro messaggio compare per avvisare che l'accesso funziona soltanto per i membri di certi *gruppi di utenti*.

The screenshot shows a web browser displaying a JAMA Network article. At the top, a cookie consent banner is visible. Below the JAMA Network header, there is a search bar and a navigation menu. The main content area features a banner for JAMA Medical News and a 'Trending' section with two articles. The article of interest, 'HIV Status Not Linked to Treatment Outcomes for People With Mpox', is highlighted. It includes a 'Download PDF' button and a 'Full Text' button. A blue banner at the bottom of the article states: 'Access to JAMA Network is available only for School of Medicine Users.' To the right of the article, there are buttons for 'Download PDF', 'Full Text', 'Cite This', 'Permissions', and 'Comment'. At the bottom right, there is a section for 'Best of JAMA Network 2022'.

Abstract

This article considers the influence of the compliance and stiffness constants that appear in the formulation of elasticity. The formulation first considers the applied to compliances, which gives explicit finite limits for the fourth-order compliance constants. The stiffness/compliance order are derived and used to determine the incompressible case, the fourth-order compliances. Unlike the compressible case, the fourth-order compliances are
